Karrum,

Paige with Umbaugh will be making a few final edits to the CFP this week and when we get the final version, we will review and get it to the council members. I would expect that to possibly be this Friday but for sure next Tuesday.

Mayor

I would ask that any documents relating to Umbaugh's plan for the 2017 budget be available prior to the September 7 meeting. Since Paige will only be available on the 7th. and since they developed the plan, I think it would be beneficial to utilize her time for questions and answers and have any documents available at least a day or two prior to the meeting. Will they be available prior?

Thanks
